Trends 16/17

kronospan

Collection Trends 16/17

Kronodesign® is constantly challenged to **Re:search** the latest trends and discover exclusive materials to create original surfaces for the world's most stylish interiors.

Design is a journey of discovery - a journey that for us never ends. One we explore with passion and expertise in surface materials, not just how they look but their tactility and most importantly their application.

As part of this journey we've **Re:view**ed and further enhanced the Kronodesign® collection with **27 new designs**. These include **11 new contemporary wood designs** from Nordic influenced beeches to Italian blushed walnuts and maritime aged timbers.

For the utmost design appeal, we have also extended our comprehensive 55 Color collection to include **6 real brushed metal designs** - Aluminium, Platinum, Inox, Gold, Copper and Bronze.

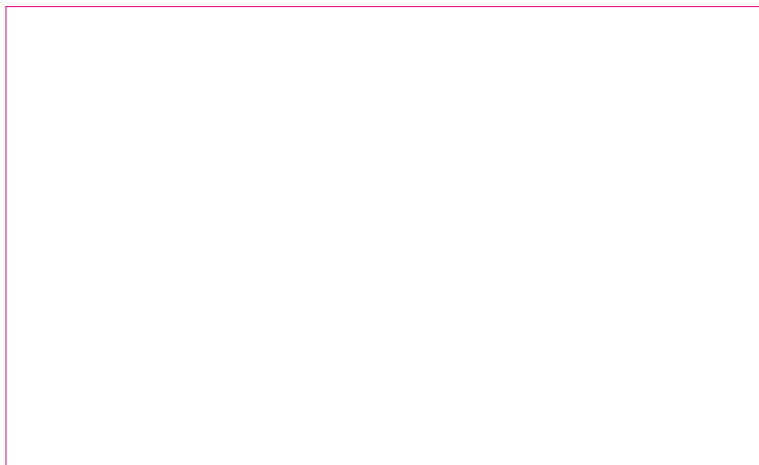

Finally, to enable to achieve fully coordinated styling, we have developed **10 complementary worktop designs**.

And as all products are supported by intellectual property rights, we can ensure your project remains as exclusive as our designs.

A World of Design Possibilities™

Defining Spaces

While we develop our designs exclusively, we ensure that our partners share our insight, so our collection includes fully coordinated perfectly matched products. MF Boards, Worktops, Compact Boards, Edging, Finish Foil, 2D/3D Foil, High Pressure Laminate (HPL) and Lacquered HDF (LHDF) are all available for your project. By teaming up with specialists we have already done the hard work for you. Always allowing to deliver to you a total package creating the most stunning interiors.
